Tear not

Please dont tear this off if you have no leisure now. Kindly read it a few days hence when it will not be too late

---

Your officers of the Palace seem to think that your subordinate clerks etc do not do work but it is only the too fat offices that work. your Brahmin Assistant is too lazy a fellow. He abuses all clerks thinks that they are his slaves though the good servants of H.H. It is a pity that a lazy passage should think like this & destroy the prospects of the poor servants of the Palace who have been working from the time of their ancestors. He says that Palace clerks have no work. No officer ever said so before. Are clerks idling away their time just as the A.S. does, coming only for a couple of hours every day to office. He comes once a day to office and only in this he is regular. Such a lazy & haughty officer should never sit at the foot of the throne doing as he does only a few hours work every day he should beginning of half the pay an Asstt. gets in Govt. Bnd.

But he has been getting 300 4 times the
Pay of a Govt Off. The public should be
very thankful to H H for not sending
him out as a Dy Comr where he would
have destroyed more men & would have
ruined a Dist & lots of people like the late
Governor of Punjab. He should be dismissed
like the former. It is not good to send
him out as a Dy Comr where he will
be more troublesome.

Palace Money is not more valueable
than Govt money. It may fetch more
Money if it bears the head of H H, but
unfortunately it does not. Poor Palace
Servants are not granted Consolidated
allowances like their brethern in Govt.
though they sometimes more than the
Govt Servants. It is a pity that these
Concessions are denied to them not
only unfortunately but unknowingly by
the Head of offices. The so called con-
cessions do not compensate for the
loss they sustain by not getting allowances
in these famine days. The funeral
presents, the marriage presents the
so called large advances all these
cannot help the poor servants to buy
Rice & other food Stuffs in these

famine days. I very much regret that
the foolish offices should not have the
sympathy to consider the claims of
their servants more humanly. They
will for the sake of humanity to which
they belong consider the sad condition
& arrange for the grant of consolidated
allowance at least in future if not
with retrospective effect. I suggest below
means for granting the allowances
To these servants. The same kind
& studied kind of concessions may be granted
to the Palace servants instead
of in the so called way in which they will
be only misery.

The ways & means are —

1 Reduce the no of establishments from
26 to 6 or 12.

2 Let it be more humane than luxuri-
ous.

3 Let the offices get less pay. In fact more
efficiency is kept up with less pay of offices.
Managers of establishments of the like are not
given such high Nagasin Palace where
they are given the other clerks accountants
also in the dept are given Nagetc which is
tionately.

No fearing No fears

4 your so called concessions are only presents
given to Palace Servants in consideration
of the extraordinary nature of work entrusted
to them & not compensation for low pay.

5. Many of the Depts are continuing what
they were years ago in State of civilization.
Cf. Sivakhana, Asasanada Hobli, the Sanitkhas
Dept expenditure should be far reduced.
The Sanaf, Stables etc. In Some of these
But it is now otherwise. Military expenditure
is too high for a household
6 Be more humane than humans.

7 Go to every Dept yourself, See things
Compare with things in Sout & then decide
Do not please say like yourAS that
Palace has very little work. If this is
really the case why not send away that
AS somewhere

8 It is not only the 70 men getting
pay of 40 & above that are working
in palace but more than these
it is the low paid officials etc getting
between 15 and 25

9 Consider, Consider & Consider before
you issue any order.

10 your are very famous for your en
lightened ideas due to culture & travel
but you are ruined by S.P.R.S & H.P.
who are both very Selfish
